Editor in Chief

[Name of the Journal] _____

Dear Editor in Chief,

We are writing to submit our manuscript titled

"[_____]" for consideration in
[_____].

Below you will find relevant information in accordance with the editorial guidelines:

1. Previous publications:

We confirm that this manuscript has not been previously published nor is it under consideration at another journal. However, previous works related to this study that might be considered redundant or similar have been duly referenced in the manuscript.

The manuscript is currently in a preprint repository (authors are responsible for updating any information in said repository):

YES, it is in [_____].

NO [].

2. Conflict of interest statement:

All authors have disclosed any financial, personal, or professional relationships that could be interpreted as a conflict of interest in relation to this work. This information has also been included in the manuscript.

Author approval and specific contribution:

All authors have read and approved the final version of the manuscript and meet the authorship criteria established in the journal's guidelines and the ICMJE recommendations. We confirm that this work represents an honest and rigorous effort from all involved.

Below, we detail the specific contributions of each author:

Full name of the author	Contribution

3. Contact information of the corresponding author:

For any additional communication related to reviews, corrections, and proof approval, the corresponding author is:

[Name of the corresponding author]
[Email]
[Phone]

The corresponding author will be solely responsible for managing all communication with the journal during the review process, responding to reviewers' comments, and making necessary modifications. They will also be responsible for reviewing and approving the galleys before final publication. All authors have unanimously agreed that [Name of the Responsible Author] will fulfill this role.

4. Ethical considerations and previous reviews:

No concerns have been raised by regulatory institutions or other bodies regarding the integrity of the study. If the manuscript has been previously submitted to another journal, we enclose the editors' and reviewers' comments along with our responses to facilitate the evaluation process and promote transparency.

We appreciate the opportunity to submit our work for consideration and look forward to your valuable comments. Please let us know if any additional information is needed.

Sincerely,

[_____]
